The resources that i used to know and learn is :

- Udacity walkthrough
- Youtube
- https://github.com
-https://www.programiz.com/
-https://www.w3schools.com/python/matplotlib_pie_charts.asp
-https://www.statisticshowto.com/choose-bin-sizes-statistics/
-https://stackabuse.com/seaborn-violin-plot-tutorial-and-examples/
-https://www.geeksforgeeks.org
-https://seaborn.pydata.org/generated/seaborn.countplot.html
-https://pandas.pydata.org/docs/reference/api/
-https://www.pythonpool.com/
and some friends help me to understand some syntax
